Currently, I am the only one with access to the workspace, and I'll be off the clock at 2. Should I request access for Kaushal?

Hello John,

HQ has completed its Outlook search of your emails and found 117 that may be responsive to the two FOIA requests.

We need a reviewer to go through these emails and flag the ones that are solely internal to the union (which are not subject to FOIA). As soon as possible, could you let us know whether you or another union contact will be the reviewer? If it will be someone else, please let us know the name. We will then pass it along to HQ so that they can give the reviewer access to the Relativity database where the emails are awaiting review.

Thanks,
